

A report from the Kennel Club about the High Profile breeds day

We have seen fantastic work being undertaken by the breed clubs and breeders who are passionate about ensuring the future health of the breeds they love. This day was a real opportunity for them to highlight the incredible progress that has been made. We were extremely impressed with the turn out on the day, and believe that by bringing together judges; breeders and vets, we can help give everyone a better understanding of the unique challenges faced, and the results achieved in each of the fourteen breeds. We would like to continue with a unified approach which will enable us to all help further improve the health and happiness of these breeds.

The Dogue De Bordeaux stand was extremely well decorated and the breed representatives were passionate and enthusiastic, representatives also provided a variety of dogs who were enjoyed by everybody who attended the event and studied with great interest. I look forward to working with Dogue De Bordeaux owners and breeders in the future.

Charlotte McNamara
High Profile Breed Coordinator
